

# AR-101PBI-GR-NN

## Touch-less Infrared Exit Button

**SOYAL**

Parameter	Description
Detection Distance	5-20cm
Power Supply	DC 9-24V
Current	DC 12V During standby : 0mA or 30mA During activation : 75mA
Contact	1 From C (3A/DC 30V/AC 30V)
Life-span	Approx. 500,000 times (1A-0.03A/DC 30V)
Operating Temperature	-20°C - 65°C
LED Ring	Green&Red
Dimension	115 (L)x46(W)x31(D) mm

### Features:

Perfectly comply with any sanitary conditions in medical industry, food industry and laboratory

Built-in limit switch for power failed usage

User can adjust the sensor range and sensitivity

Encoded signals prevent interference from nearby radiant light sources

CE
