

275 Series

600lbs Double Electromagnetic Lock

Model **UL275-D (Unmonitored Version)**
UL275-DL (Monitored Version)

Description

600lbs Double EM locks were designed to meet fire/life safety applications by providing an auxiliary locking mechanism that has no moving parts to bind or wear out for trouble free operation. This will ensure inhibited release at all times where they have become extremely prevalent in applications other than fire/life safety. Suitable for access controlled & secure areas within buildings with double leaf doors.
